Professional Statement

I'm a highly skilled Mobile Developer with 8 years of commercial iOS development experience. I possess specialised knowledge of different aspects of iOS development and software development life cycle in general. With the experience being developer as well as tech lead I have come to obtain a unique set of skills including iOS development, agile methodology, team leading, team collaboration and so on.

Education

March 2008 - June 2009
Postgraduate Diploma in Science (Computer Science)
Thesis: Staged Event-Driven Architecture on Mobile Devices (J2ME)
The University of Melbourne, Parkville

March 2005 - December 2007
Bachelor of Computer Science
The University of Melbourne, Parkville

Employment History

July 2011 - Present
Outware Mobile - Senior Software Developer
    Developer of ANZ goMoney App, ANZ App
    Lead developer for AFL Live Official App, NRL Live Official App, Cricket Live Official App
    Team leading junior developers on iOS development
    Performing regular technical interviews, involved in software architecture design

January 2010 - May 2011 (1.5 years)
Self-Employed iPhone Game Developer

2008-2009 (2 years)
Hobbyist Java Developer (J2SE, J2ME)
    Swing GUI Design
    Products: MTextReader (Editor's Pick Award from Brothersoft), BlueBuddy

Personal Projects

I've made several iOS games in my spare time, but my developer account was discontinued so they are currently not in AppStore, below is a new one I've made recently:

ImSucker (iOS) - An app that generates poems following ancient China poetry pattern and style.
https://itunes.apple.com/app/wo-shi-sao-ke/id963419023?mt=8

Retro Blocks (iOS) - Retro style block matching game.
https://itunes.apple.com/app/id917655100?mt=8

fortune | cowsay (iOS) - Mimic the classic fortune and cowboy program on Unix.
https://itunes.apple.com/app/fortune-cowsay/id1016269563

East Solitaire (iOS) - Ancient Chinese pebble game.
https://itunes.apple.com/app/east-solitaire/id1244283234

Certificates

Sun Certified Java Programmer (SCJP) - 2003

Sun Certified Java Developer (SCJD) - 2004

Sun Certified Web Component Developer (SCWCD) - 2004
